

Mon. They are the most perfect counterfeits ever circulated, and it is almost impossible to detect them. The only difference between the counterfeit and the original is, that in the former the shading is a little darker, and the engraving a trifle less distinct. The counterfeited notes are also about a quarter of an inch shorter than the genuine.

The receipts of the Baltimore and Ohio Railroad Company, for the month of March this year, were as annexed:

BALTIMORE AND OHIO RAILROAD.		
For Pass.	For Freight.	For Freight.
Main Stem.....\$63,114	\$6,233,574	\$2,333,574
Washington Branch.....22,655,68	7,158,39	5,626,82

Making an aggregate of \$117,988.88 on the main stem, and \$20,804 on the Washington branch—the total being \$147,792.65. The above, compared with the corresponding month of last year, shows a decrease of \$11,432.95, being \$8,020.30 on the main stem, and \$3,404.65 on the Washington branch.

The earnings of this company, in each of the six months ending April 1, in the past two years, were as annexed:

BALTIMORE AND OHIO RAILROAD.

Total.....\$842,685 40

This shows an increase in six months of the present year, of \$35,120.79. The increase thus far has not been so great as anticipated. A dividend of four per cent, for the last six months, has been declared on the Washington branch of the Baltimore and Ohio Railroad.

The preliminary arrangements for commencing work upon the line of railroad from Pittsburg to Montreal, have been commenced. Articles of agreement, and bonds, have been exchanged between the respective Presidents of the Montreal and Lachine, the Lake St. Louis and Province line, and the Pittsburg and Montreal Railroad companies, for the immediate grading of the road, which is to be ready for the iron within nine months from this date. The Hon. J. Ferrier, William F. Goffe, Esq., Colonel Moore, and Judge Hodding, a deputation from the Pittsburg road, have repaired to New York, to confer with contractors, and to engage a superintendent engineer.

Within a few days, East Boston stock has become quite active in the Boston market, and buyers are of a highly respectable class. The sea-wall, proposed in last year's report, is now in full progress. It will be completed by January, 1851, at an outlay of about \$30,000. By means of this wall, it is supposed that enough land will be reclaimed to pay the whole expense of the wall and the proposed road across the basin, and give a net gain to the company of \$100,000. Taking the last valuation of the land reclaimed, the East Boston stock is worth \$40 per share, besides allowing \$47,000 for contingencies. The company is now free from debt, and has cash on hand, \$40,000.

The annexed statement exhibits the quantity and value of foreign dry goods imported into this port, during the week ending the 10th inst.—
